COVER STORY

The cover motif displays a silhouette of the main gate of Maksimir Park. Founded in 1787, the Maksimir Park is the oldest public park in Zagreb, named after its founder – Bishop Maksimilijan Vrhovec.

At first, the park was designed in a baroque style, but with time, its landscape transformed in line with the Biedermeier style with elements of romantic neoclassicism and historicism. The park has several meadows, various creeks and five lakes. Even today, it is a natural habitat for various plants and animal species. The Zagreb Zoo is situated in the southern part of the Maksimir Park.

EDITOR'S LETTER

DEAR READER

First and foremost, we would like to welcome you to Zagreb, a city that is becoming more and more metropolitan each year, which is reflected in the ever-increasing offer of locally sourced artisan products. Therefore, even if you are just here for a stopover on your way to or from the coast, use the chance to stroll through Zagreb and discover the wonderful marvels the city has to offer.

In this issue, you can find two interviews with very talented young individuals. Mihaela Marković of Studio Marković, who has a new and innovative approach to knitting, and Dara and Darko Dominik, who have breathed life into the brand Multirational.co by creating their own locally sourced products inspired and complemented by Darko's love for industrial design and Dara's playfulness. If that has sparked your interest, go to page 10 and find out more.

It is those stories of individuals which give the city its identity. Wherever you travel, it is always worth discovering a city's individuality, which may be much more than the traditional tourist experience. We believe the best way to do this is by interacting with the locals, and what better way to do that than to snoop through the little artisan shops of the city.

We are certain you will not regret it!

Sincerely,

Insight Design Guide Team

TRADITIONAL ARTISTRY & CONTEMPORARY AESTHETICS

IN THIS INTERVIEW WE PRESENT YOUNG CROATIAN KNITWEAR DESIGNER MIHAELA MARKOVIĆ AND DESIGNER DUO DARA&DARKO FORM MULTIRATIONAL COMPANY CREATIVE STUDIO

MIHAELA MARKOVIĆ, STUDIO MARKOVIĆ

essentially an ancient activity (just like fishing, let's say) that still survives in our super modern world and, what is more, has a lot of potential for growth. You create your own textile from a simple thread, you are in complete control of what you want your piece to become. The basis of my work is combining traditional and contemporary knitting skills, using unconventional knitting materials and being in a constant search for new materials.

CAN YOU DESCRIBE THE PROCESS OF CREATING ONE KNITTED CLOTHING ITEM?

It actually happens very organically. I start with a combination of different yarns, based on texture and color, and start knitting. In the process, I never know what the end result will be. Maybe a long shawl, a dress, a chic blazer? I focus primarily on the textile, and the kind of texture I like and want to achieve.

WHAT IS THE MOST FASCINATING PART OF YOUR CREATIVE PROCESS?

What is beautiful about my work, and about the world in general, is the fact that whenever we think two things are as disparate as they can be, there is a connection and a common trait between them. That is what I do, I link them together; either literally by combining unusual materials, using most improbable yarns, something no one would think of, or quite figuratively, by translating, for example, a historical event into a new shape.

RECENTLY YOU HAVE OPENED YOUR FIRST FASHION STUDIO FOR WHICH YOU SAY IT IS A PLACE FOR PEOPLE WHO EXPECT MORE FROM FASHION. WHAT DO YOU MEAN BY THAT?

For me, consumption is a powerful act. We vote once every couple of years, but we spend money, in some form, basically every day. Creating garments with inner meaning and longevity helps raise awareness about sustainability in relation to fashion. Dressing is a social and cultural activity far removed from the individual meanings and personal feelings to dressing and adorning. I create fashion with an aesthetic, functional and emotional value combined with the concern for the entire life cycle of the product.

YOU ARE SPECIALIZED IN HAND-KNITTED CLOTHES. WHY KNITTING?

Knitting is beautiful because it is a universal language, it is

MULTIRATIONAL.CO, DARA & DARKO DOMINIK

WHO ARE THE PEOPLE BEHIND THE BRAND MULTIRATIONAL. CO? CAN YOU TELL US A BIT MORE ABOUT THE PRODUCTS YOU CREATE?

MultiRational Company is a creative studio behind the idea of Prostor, one of the first Croatian design stores. Actually, we are Dara & Darko Dominik. We are passionate about creating quality handcrafted products made in synergy between traditional artistry and contemporary aesthetics. Our main interests so far are bags and backpacks, but we design other products, too.

BESIDES PRODUCING CONTEMPORARY PRODUCTS FOR EVERYDAY USAGE, YOU ALSO RUN THE PROSTOR SHOP IN ROVINJ. WHAT ARE THE DIFFERENCES BETWEEN CREATING YOUR OWN GOODS AND RUNNING A DESIGN SHOP?

These are two completely different things, but the experience we have gained from running a design store for

more than 10 years now has helped us a lot with our own brand, production and all other important elements this creative business includes. We work with our designer partners, partner shops and customers, which gives us great insight into people's interests and helps us to be better in what we do.

HOW DOES THE ZAGREB TOURIST SCENE COMPARE TO THE ONE IN THE COASTAL AREA?

We have spent the past three summer seasons working in Rovinj at our store and the other six months we have been in Zagreb working on our own products. We are pretty busy. Our store is situated in the design hotel Lone in Rovinj and the guests of the hotel are our main customers.

We think tourists are pretty much the same everywhere. Happy, interested and more inclined to buy original products. From our experience, they appreciate our country, people and Croatian design more than we locals do.

WHERE DOES YOUR INSPIRATION COME FROM?

We find inspiration in everything. Everyday life, culture, nature, the past and the present. We both find beauty in simplicity and we love clean lines design and quality functional things. I myself am inspired by traditional artisans, vintage utility gear, retro army products and industrial design; gray, brown and blue are my favourite colors. I like industrial design, while Dara is more playful, so we complement each other well.

You can find Multirational.co products in Galerija Link (Radićeva 27) & Market concept store (Frane Petrića 3). When visiting Rovinj, make sure to stop by the Prostor shop located in the design hotel Lone (Luje Adamovića 31) for a wide array of products from Multirational.co, as well as from Croatian designers.
